

SHEET METAL SOLUTIONS

VIMAN MULTIPLUG PRIVATE LIMITED

QEHS POLICY

Viman Multiplug Private Limited is committed to develop and manufacture precision sheet metal products of high quality to meet changing needs and expectations of customers, giving utmost importance for environment, health and safety in all our activities.

WE ACHIEVE THIS THROUGH:

- **Achieving highest possible customer satisfaction level and continually improving product quality, delivery performance and processes to remain competitive.**
- **Minimizing all types of waste, appropriately storing and disposing of hazardous waste, as per stipulated rules and regulations.**
- **Adopting the best practice of operations by ensuring that the causes of work-related incidents, injuries and ill-health are identified, understood, prevented and controlled.**
- **Recognizing climate change as a critical global challenge, by enhancing climate resilience by identifying and managing climate-related risks, vulnerabilities, and opportunities in our operations and supply chain.**
- **Increasing energy efficiency and transitioning toward cleaner, renewable, and low-carbon energy sources.**
- **Strengthening awareness, skills and competence of our employees through need-based training.**
- **Complying with all applicable statutory, regulatory and legal requirements, relating to running the establishment, environment aspects and OHS hazards, by setting measurable objectives and targets.**
- **Periodically reviewing the suitability, adequacy and effectiveness of our integrated QEHS management system, to drive continual improvement in an auditable manner.**
- **Ensuring that this policy is implemented maintained and communicated to all internal and external stakeholders.**
